

Program Outline

Thursday 14 and Friday 15 April 2016

at the Adelaide Showgrounds, Goodwood Road, Wayville

Earlier this year the LGA Board adopted a new Strategic Plan 2016-2020 containing a vision statement: "For every South Australian to have the best local government experience" and a new mission statement: "To provide leadership, support, representation and advocacy on behalf of South Australian councils for the benefit of the community."

One of the ways the LGA supports councils to strive for best practice is to create opportunities for Councils to learn from each other along this journey.

The Council Best Practice Showcase is a key opportunity for this. In 2016 it will be preceded by a President's Forum on Wednesday with a focus on the council of the Future and the LGA of the Future.

The showcase includes 24 council projects and case studies presented to stimulate local ideas in the spirit of co-operation for which SA local government is well known. Projects as diverse as: a volunteer strategy; youth traineeships; tourism; redevelopment of public spaces; nature play; greenhouse gas; a food co-operative and community engagement, will inspire you and your colleagues to strive harder for your community.

They will be in 10 minute presentations, two to a session, in two concurrent streams. Bite-size information with an opportunity to ask questions and follow up with the council later if you wish.

Our dinner will have a special focus with a number of awards presented and entertainment by Australian singer, songwriter and actor Wes Carr. Wes, who won the Idol series in 2008 is presenting a special program with a focus on the victims of the Pinery Bushfires.

Outstanding keynote speakers feature through the program and our formal OGM program hands the agenda to member councils.

On top of that, the informal networking with 250-300 colleagues from different areas around the State had been highly valued by delegates in the past.

Lead and Be Led – "Our leadership effectiveness will increase at the rate of our consciousness and determination to transform. **Lead** and **Be Led** is a conversation about the paradox of leading in an increasingly complex and uncertain environment."

10.10am Morning tea

10.35am Concurrent session 1

A1: Collaboration

City of Victor Harbor/Alexandrina and Four Southern Adelaide Councils

SA councils face many challenges which extend beyond their boundaries – they respond most often by collaborating with neighbours. In this session two examples demonstrate great collaboration on an infrastructure project and on strategic responses to climate change.

B1: Disaster Planning

Adelaide Hills and Northern Adelaide Zone Emergency Management Committee (ZEMC)

In many cases we can't prevent fires, floods and other emergencies from happening. So it makes sense to be prepared for what we should do when they occur. Two councils will outline aspects of their preparations with a focus on communications.

11.20am Concurrent session 2

A2: Place Making

Port Pirie Regional Council and City of Mount Gambier

There is no doubt that people are attracted to great places. This session looks at two examples of councils tackling redevelopment of key public spaces, their objectives and approaches.

B2: Community

City of Mitcham and City of Playford

Two diverse council responses to improving public health will be featured in a session demonstrating the value councils can add for communities in this area.

12.05pm Concurrent session 3

A3: Engagement

Town of Gawler and City of Onkaparinga

How we go about engaging communities can be vital to the success of projects but it can also be vital to communities. Two exciting projects demonstrate innovative engagement skills.

B3: Governance

Barossa Council and District Council of Mount Barker

Effective, transparent and appropriate management of community facilities and infrastructure is vital to public confidence in councils and these two presentations will provide great insight.
